

N° 000002/HCL /CAB/ 21

PUBLIC NOTICE

The attention of the High Commission has been drawn to perpetual high level of scamming traced to people who claim to be legal representatives of certain companies and business sectors in Cameroon.

Most recently, fraudsters posed as facilitators in the mining sector and specifically for SONAMINES, a mining corporation in Cameroon and tried to dupe some investors. The official website of SONAMINES is www.sonamines.cm and not <https://sonamines.net> as advertised by scammers.

The High Commission strongly advises the public and potential investors in Cameroon to refrain from apparent and hasty business dealings and to always contact the High Commission or any Cameroonian diplomatic representation before concluding any transaction.

The High Commission is always available to assist potential investors and promote doing business in Cameroon.

London, 17 June 2021.
